MONUMENT TOOLS <https://bit.ly/3q36GgS>

The SweatBOX® is the ultimate plumbers soldering tray. The Sweatbox features a **flame retardant engineering grade plastic** with a **patented clamp** for holding different sizing of copper pipe up to 22mm or 3/4in.. There is a **silicone strip edge** to the Sweatbox ensuring heat is not conducted from the hot copper pipe to the plastic of the Sweatbox or the clients property. Adhesive **rubber feet** are included, helping to prevent scratches to surfaces. The sealed compartments are ideal for holding a gas bottle, separated blowtorch and all the essentials needed for soldering or sweating a joint. There's even a compartment for flux brushes.
