BREAKING THE CODE

LB I220 CP

The first two letters denote the design of the tap handle, the indices and headwork cover. The options available are:

LB	Classic Cross Handle
LS	Classic Star Handle
BL	Classic Black Ceramic Lever
WL	Classic White Ceramic Lever
CH	Connaught Cross Handle
CL	Connaught Lever
CR	Black Crystal Lever
FH	La Chapelle Cross Handle
FL	La Chapelle Lever
FB	La Chapelle Black Ceramic Lever
FW	La Chapelle White Ceramic Lever
FM	La Chapelle Metal Lever
TH	Ten Ten Handwheel
TL	Ten Ten Lever
MH	Mackintosh Cross Handle
ML	Mackintosh Lever
MB	Mackintosh Black Lever
JL	Janey Mac Cross Handle
JM	Janey Mac Lever
RH	Belle Aire Handle
RL	Belle Aire Lever

The letter E after the first two letter prefix stands for European fitting (usually this means the tap has been designed with eccentric wall fittings to suit a 1/2" female wall thread). The Prefix WM and DM for certain products denote Wall Mounted and Deck Mounted options. Certain Wall and Deck Mounted products can be supplied with extended legs or wall unions, these products require a prefix of EXT.

LB I220 CP

The four figure code denotes the model of the spout. To a certain extent you may design your own tap. Most, although not all, non-standard combinations are available but will attract a premium. Please check with your dealer before specifying.

LB I220 CP

The last two letters denote the metal finish, please see page 9.

WRAS

We have designed, engineered and manufactured our Century of Classics to meet, and exceed, modern standards and certifications for both water saving and safety. Most of our products have certification for WRAS and have built-in adaptability for a wide-range of applications to meet the most demanding water-saving regulations. Please contact us to discuss your project.
