A FRESH TAKE ON INDUSTRIAL STYLE

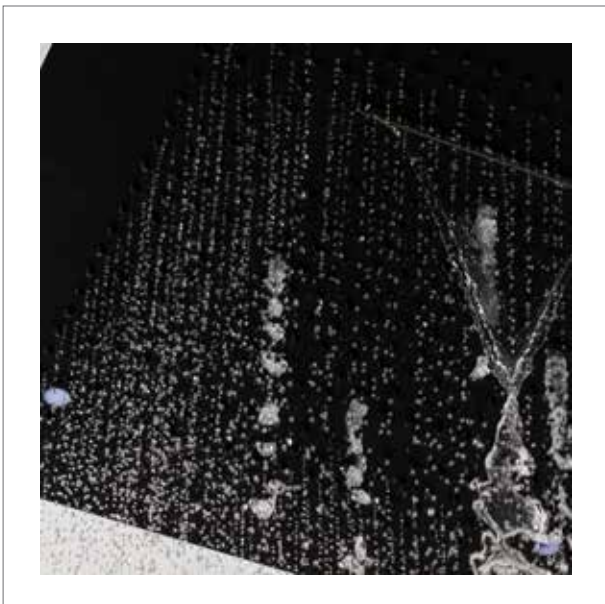

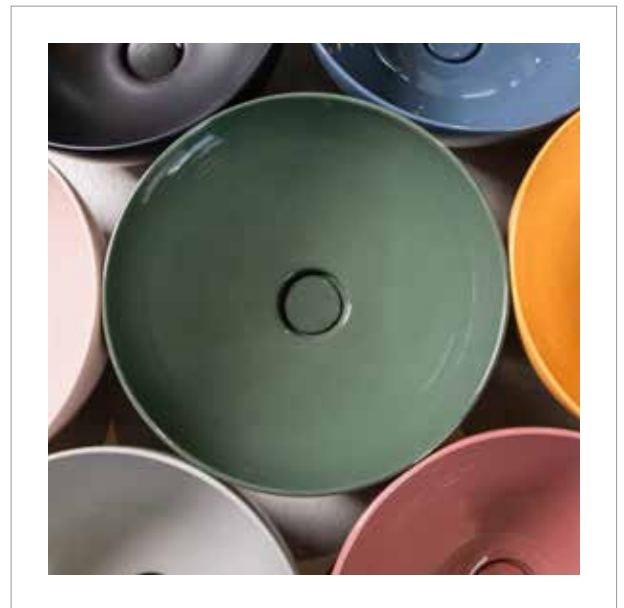

Industrial design is a trend that has remained strong over recent years, steadily evolving with hints of modern concepts. The finished look satisfies both utilitarian and commercial purposes.

Our Revolution collection reflects the same concept, beautifully tying together modern and elegantly organic aesthetics. The brassware comes in multiple favourable options including the popular Matt Black finish whilst drawing inspiration from the Industrial Revolution with unique cog-like mixer handles and luxurious knurling details. Such statement design is enough to add character to even the most minimalistic basin areas.

THE POWER OF COLOUR

In line with this year's more optimistic outlook, colour is back. Offering up a cheerful palette that ranges from matt pink, thistle blue, fern green, dusky pink to buttercup yellow and terracotta tones, the options for a brighter, bolder bathroom are endless.

Elevate your aesthetic with a coloured washbasin and tiles set in vibrant tones against an otherwise neutral palette for a fresh take on Scandi style, or layer up a rainbow of hues and textures for a candy-bright space with retro-inspired appeal. Colour-blocking offers another impactful way to introduce colour, from solid swatches of your favourite shade against a black or white base or by layering contrasting colours for a mood-boosting pop to brighten up your day.

SPA SANCTUARY

In the bathroom, calm and serene reigns supreme with rejuvenating spa spaces designed to rebalance the mind, body and soul.

Luxury finishes combine with advanced customisation to deliver an outstanding bespoke experience. Experience the soothing power of the natural world indoors with modular waterfall, rain, mist, and cascade shower solutions, while feeling uplifted by additional body sprays, RGB lights and more.

TRENDY TERRAZZO

Move over Marble, there's another versatile material having a moment of its own. Terrazzo has been in the design spotlight for some time now, but with new concepts and styles introduced this year, the trend is here to stay! Go bold with multiple terrazzo options available in slab formats, basins, tabletops, and shelves that pair well with the minimalistic brilliance of the chic Bristol bathroom collection.

SOPHISTICATED SOFT BRONZE

Step aside Chrome, Soft Bronze is here to take the spotlight as the new kid on the block.

As the cocooning trend increasingly takes hold, the warmth of Soft Bronze introduces a more welcoming luxurious feel that perfectly captures the current mood. Renewed appreciation for our home comforts continues to build with quality finishes that introduce an air of hotel-chic elegance.

High-quality brassware in a luxurious finish is an ideal way to channel the trend. BAGNODESIGN's exclusive Soft Bronze finish has been added to our design-led collections including the brand-new Bristol and Orology product lines. The modern designs work as the perfect templates to highlight the industrial beauty of this unique finish and achieve a balanced look of brilliance.

FABULOUS FUNCTIONAL FURNITURE

As interior design becomes more customised and experimental, unique furniture shines as the statement feature in bathroom spaces.

Orology is one among many collections offering furnishing and accessories to match. Explore items from mirrored wall shelves and porcelain slab countertops to double drawer vanity units with fluted detailing for a moody interior:

Multiple finish options allow you to enhance your personal style. Complete an elegantly themed space with storage furniture and exude aesthetic functionality.

The appeal of coloured brassware is widespread. Designers look for new and innovative finishes in order to create distinctive looks in their designs. At BAGNODESIGN, finishes are the essence that make our products stand out. We create finishes that stay true to the overall sense of style and craftsmanship that we aspire to bring to our customers.

We offer refreshing alternatives that help define the look of a bathroom and in turn the entire home. Our on-trend Matt Black and brushed brass Lacquered Zanzibar finishes are popular for their subtle elegance.

This year, we have added the new **PVD Santiago** and **Soft Bronze** finishes that promise to add a dash of drama and opulence to the bathroom.

Finishes are the distinguishing factor that add to the individuality of a room. Mix and match products and finishes to create a look that expresses a sense of style and personality.

* Soft Bronze & Lacquered Zanzibar are semi-living finishes and may change overtime with a slight finish variation.

TRENDING BRASSWARE

Santiago - en Vogue

Be bold with brassware and channel contemporary aesthetics with the new **PVD Santiago** finish. Supremely stylish, the colour brings a refreshing polished twist to classic copper.

Santiago is a striking alternative colour compatible with almost any interior theme. The chic finish translates the timeless feel of copper while infusing glamorous notes of urban luxury through shine. Channel the endlessly popular 'less is more' feel with our Bristol and Options Round collections of mixers and accessories. Match it with Marble, Terrazzo or on-trend Matt Black basins in the range and create the appeal of living en vogue.

Soft Bronze - Industrial Chic

Our **Soft Bronze** finish is the re-invention of the ever elegant and organic Bronze. Recalling timeless industrial styling with hand finished matt brushing, each piece is a unique creation stimulating the aged Bronze feel.

Available across the Bristol, Orology and Teatro ranges, **Soft Bronze** produces a sense of understated luxury with high-end bathroom design. Discover the look in multiple accessory, plumbing, and showering product options and introduce it into interior spaces to complete a coordinated design.

MIXERS

The BAGNODESIGN portfolio of mixers is predominantly produced at our facilities around Lake Orta in Northern Italy where craftsmanship in producing brass products dates back centuries.

When designing a bathroom today, the dominant products that create the look are the mixers and showers. BAGNODESIGN has a comprehensive offering with complementary accessories available in nine different finishes. Our new Orology collection offers the latest timeless contemporary look in the key on-trend finishes of Brushed Nickel, PVD Gold, Anthracite and the new Soft Bronze as well as the ever-popular Chrome.

Our collections cover a wide range of styles from clean contemporary to classical retro. BAGNODESIGN is recognised globally within the design community as an innovator in mixers both in product design and offering new finishes such as our unique PVD Santiago.

With our vast range of BAGNODESIGN mixers, we wish to ensure that the chosen product is designed to be compatible with your household water system pressure, details below:

- HP - 2.0+ (High Pressure) products can only be used in HP systems only
- MP - 1.0-1.5 (Medium Pressure) products can be used in MP and HP Systems
- LP - 0.2-0.5 (Low Pressure) products can be used in LP, MP and HP Systems

THERMOSTATIC MIXERS

THERMOSTATIC SHOWER MIXERS -
An enjoyable, reliable and safe showering experience

BAGNODESIGN's thermostatic mixer valves regulate water temperatures to provide you and your family a safe and enjoyable showering experience. With predetermined settings, these mixers combine hot and cold water to maintain a consistent temperature and avoid scalding.

If for any reason your cold-water supply stops, the thermostatic mixer automatically shuts down, thus ensuring a reliable, convenient, and safe showering experience.

Push-Button Activated

Operating our thermostatic mixers is simple and intuitive – On and Off! With a push of a button or twist of a knob, you can instantly adjust your water temperature to suit your comfort.

Default Flow Rate

The flow rate is set by default and therefore eliminates the need to make any additional adjustments.

Product Installation & Maintenance Are Simplified

Our thermostatic mixers are all supplied with the new 'Easy Install' installation box which offers:

- Solid wall or dry wall installations.
- Sealed installation box.
- Easy cleaning and maintenance without having to remove valve, which is pre-installed into box.
- Colour coded water entry points.
- Min-Max installation depth markings.

BASINS

BAGNODESIGN offers a comprehensive collection of feature washbasins using natural material such as solid marble, glass and re-constituted stone.

The newest additions to our offering are the freestanding, wall-hung, and countertop Alpine basins made from porcelain slab tiles ensuring the seamless sleek design is also durable and enables clients to choose from any of the slab options in our portfolio.

Our Bristol range further introduces standout resin basins recalling industrial styling for clients.

With endless options to choose from, exceptional quality and durability, and high levels of service and after-sales care, BAGNODESIGN is ideal to meet the needs of residential and commercial projects, from new builds through to refurbishments.

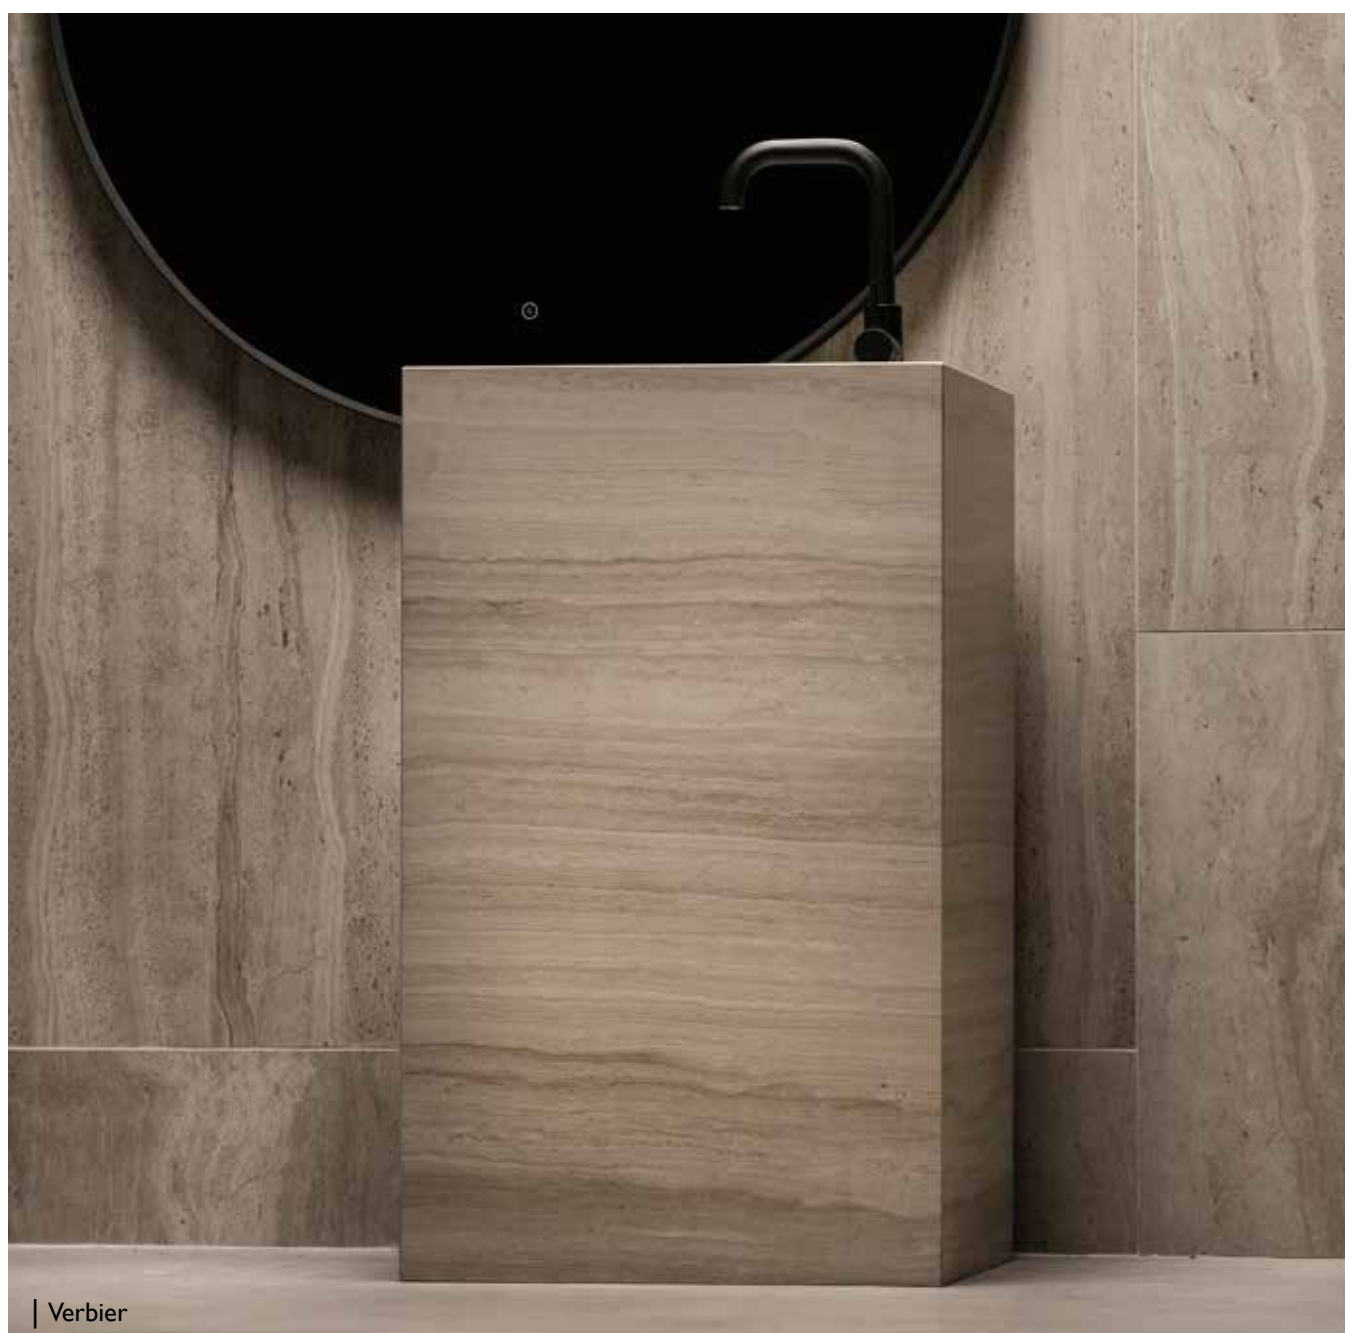

| St. Moritz Right

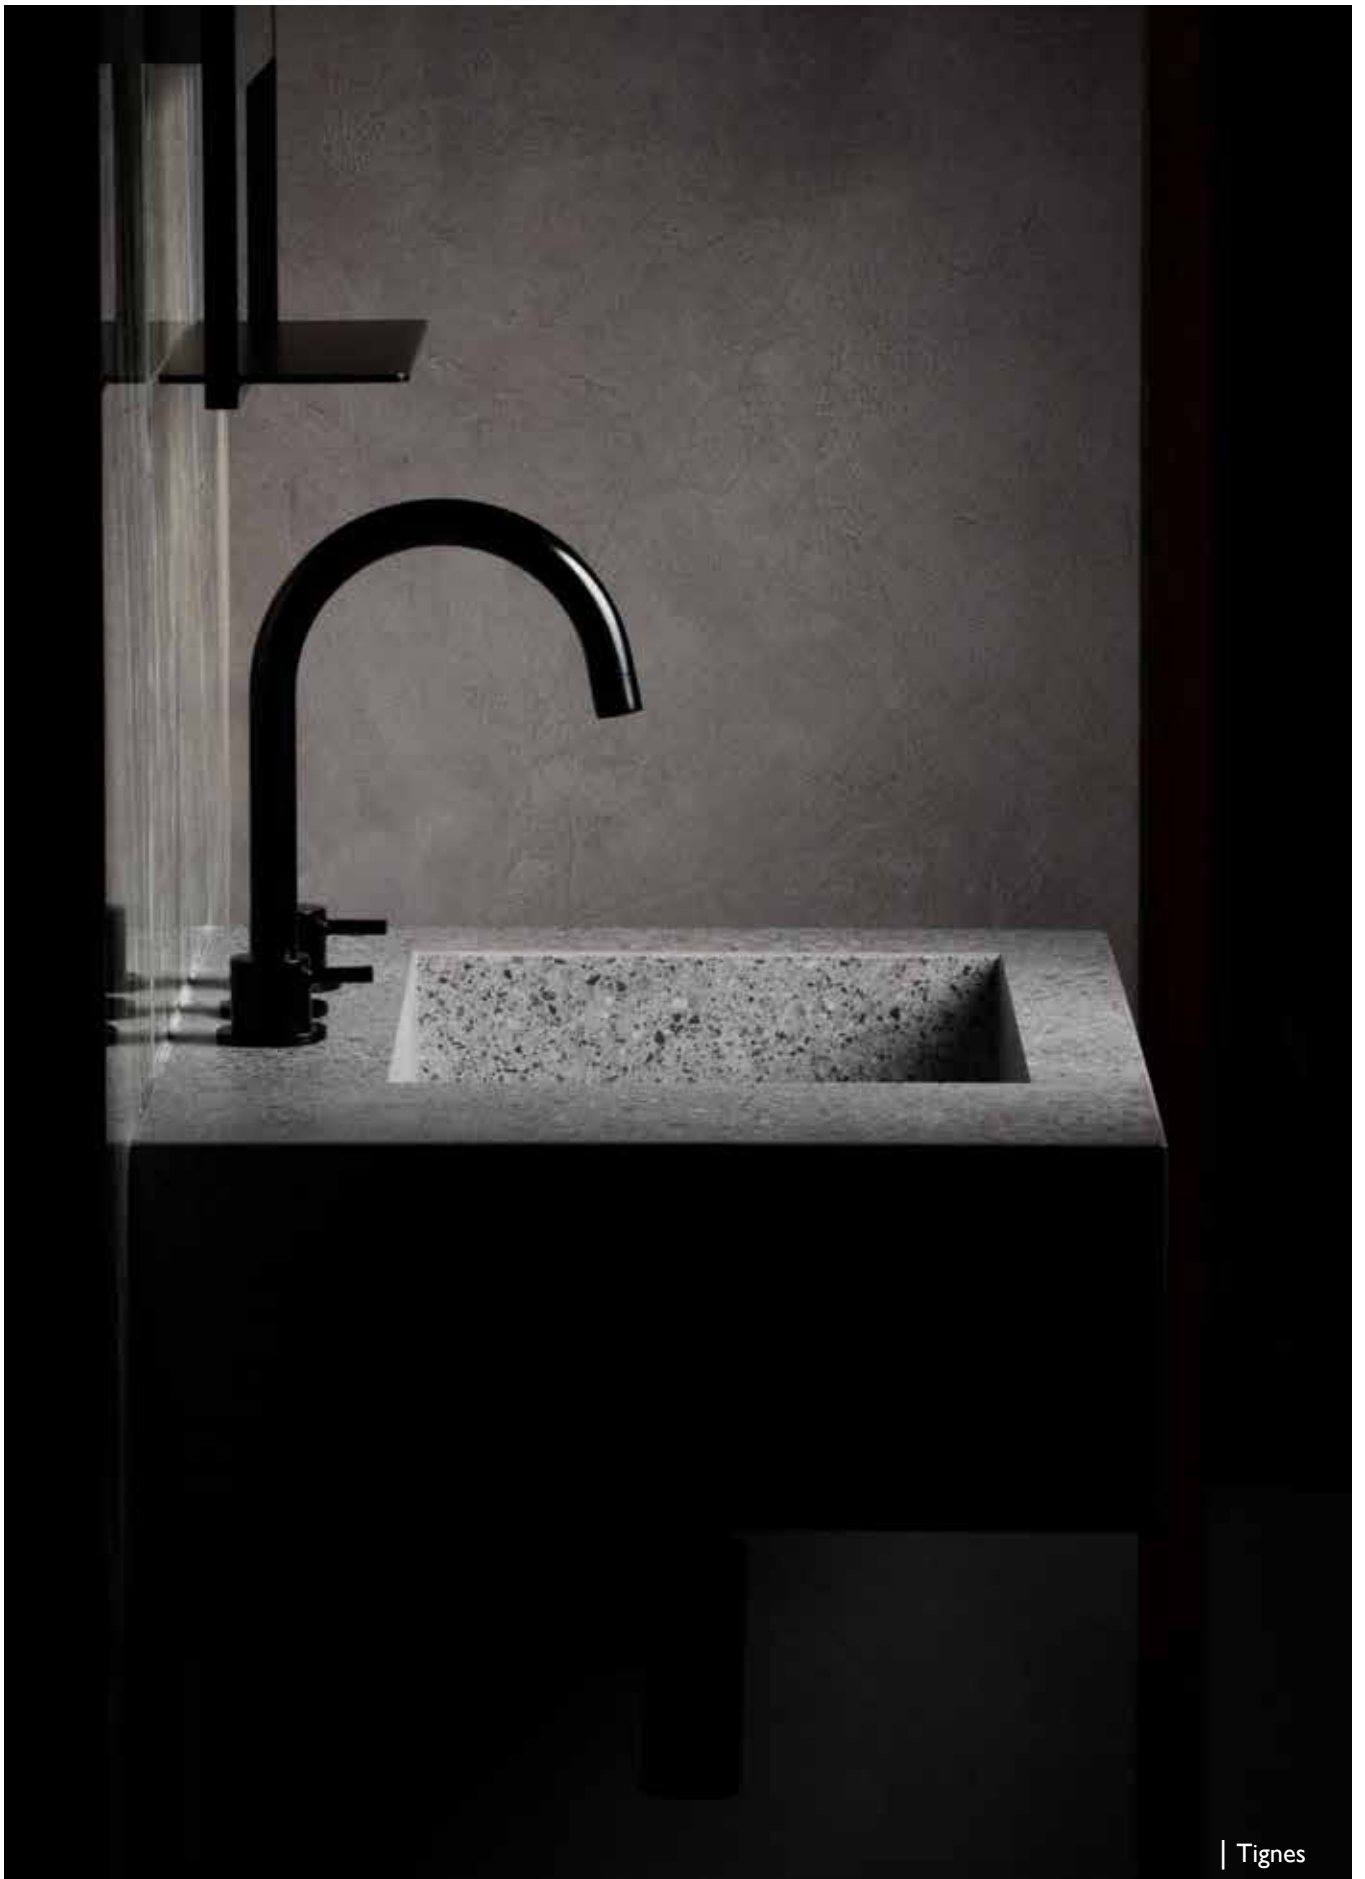

The Hotel Chic trend sees many walls blending into countertops and basins to create a sleek and contemporary yet timeless look.

We make this possible with a diverse collection of basins stretching from textured looks to custom sizing. The most imaginative of designs can be found with the Alpine range, in itself offering 11 basin designs and 3 countertops with an unrivalled choice of finishes. This makes the Alpine range our most versatile to create your signature style. Choose from freestanding to wall hung options, with double basins and extended countertop styles available.

We strive for quality and durability to the very core of our products – the base of the Alpine range is made from Wedi; an extruded polystyrene rigid foam that is reinforced with glass fibre and coated with a polymer modified cement providing a smooth surface for tiling. The result is mould and fungus proof but above all it is 100% waterproof.

The various marbles used have been chosen for their strong concentration of fossils and as they are a purely natural product, there will always be the presence of different variations of veins, colours and shades, as well as micro-cracks and small holes. This gives each piece the characteristic of being truly unique.

Basins on this page do not have tap holes.

COUNTERTOPS

Countertops are a sleek solution for bathrooms that do not require storage. Wood effect infuses the warmth of nature into the bathroom, whilst stone and marble finishes can be found in our Alpine slab range. Handmade from porcelain slab tiles adorning a non-porous waterproof Wedi base, we bring you numerous bespoke options with the ability to coordinate your wall tiles to your basin and shelf for seamless coordination.

Vanity units and additional storage options are available in the Furniture & Sanitaryware section.

FLUSHING SOLUTIONS

FLUSHING SOLUTIONS

Our portfolio of WC flushing solutions are built to the highest quality standards and offer unbeatable functionality. Presenting an unmatched variety of designs, finishes and shapes, our flush plates meet the highest expectations of aesthetics and are easily integrated into any bathroom scheme. Choose from our wide range of behind-the-wall cisterns for wall-hung and back to wall WCs to create a luxurious bathroom. Built to last, we offer up to 10 years warranty on our flushing solutions.

FLUSHING SOLUTIONS

- **More Space:** Since concealed cisterns are built into the wall, they free up a considerable amount of bathroom space that would otherwise have been taken up by the cistern.
- **State-of-the-art technology and durability:** The AQUAECO range of concealed cisterns boasts high-tech working parts to ensure trouble-free operation.
- **Design freedom:** Homeowners and designers can pair their choice of actuator or flush plate and wall-hung or floor-standing toilet pan to perfectly complement their bathroom's particular style and design.
- **Easy to clean and hygienic:** Concealed cisterns and wall-hung WC pans provide the ideal easy-to-clean and optimum hygiene solution – no obstacles to clean around or cisterns to clean under.
- **Good for the environment:** All AQUAECO cisterns contain a dual-flush mechanism, helping to reduce running costs by saving water – using as little as two litres of water for a half flush.
- **Noise reduction:** Since the cistern is built into the wall, any noise created by the process of flushing is significantly reduced, making this an ideal solution for en-suite bathrooms. This is also a key in any hospitality requirement.
- **Strength:** All AQUAECO cistern frames are designed and built to support up to 400 kg in weight.
- **Warranty:** All AQUAECO cisterns come with an impressive 10 year warranty.
