

# Ona Collection

**Simple as Nature**

**The Mediterranean is a source of life and inspiration. Hear the sound of the waves, feel the calmness of its waters, admire the solid strength with which rocks appear and follow them along the coastline and its luminous scenery.**

**Transforming nature's elements into the elements we design means leaving them as they are whenever possible.**

**This is Ona. The softness of its rounded corners reflects the smooth waves of the ocean, and the organic design of its ceramics touches your skin as lightly as a summer breeze.**

**Immerse yourself in the Mediterranean lifestyle inside your own bathroom. Meet Ona.**

## Mediterranean Lifestyle

**We observe the wind blow, overlook the sea, spend time with one another, and listen to ourselves. The Mediterranean way of life stands for simplicity, care and connection.**

**So does the Ona Collection, respecting natural materials. It radiates this sentiment to each home and context anew, propagating connection and making the essence of the Mediterranean palpable. The simplicity of the design plays a central role, perfectly evoking the organic authenticity of sea-facing culture.**

A Mediterranean lifestyle brings the outdoors into the home, meaning a relaxing retreat that connects the homeowner with nature. Featuring large windows and doors that access patios, terraces, or balconies, Mediterranean homes are designed to blend in with their natural surroundings and make you feel at ease.

# Sustainability

## A Holistic Vision

We have a clear idea of what sustainability means. Our vision starts with the people that work with us, the society we design for, and the planet we all share. Together we implement strategies that allow for regeneration and resilience, today and for the world to come. We ensure that our activities align with the Sustainable Development Goals (SDG) defined by the United Nations.

We have a holistic vision of sustainability that manifests transversally in everything we do, from the materials we use to the production processes we implement. But most importantly, we design objects which will last. That's the best investment for a sustainable future.

Furthermore, ceramic is one of the most sustainable materials in the world. It produces zero waste materials in the production process; all ingredients are natural, without chemicals, resins or toxic additives. In addition, innovations like Fineceramic® reduce weight, which positively impacts firing and transport, reducing CO<sup>2</sup> emissions.

# Design Process

**We design from Barcelona, with and from the Mediterranean character that defines us. The most important thing we have come to understand is that we're never alone. Good work requires listening and collaboration, attention to detail, and impeccable knowledge of materials. This way, our unique vision is transmitted into existence with creativity and quality that stands out.**

The Roca Design Center team, based in Barcelona, develops and manages all processes in-house. Still, we value cross-disciplinary collaboration with external designers from different disciplines such as architecture, fashion and other strands of design. Therefore, exchange is actively cultivated throughout our brand culture, following holistic values that concretely manifest in our products.

It's our collaborative approach that allows us to enter into a creative symbiosis with experienced designers such as Noa Design Studio and Benedito Design, giving shape to a collection characterized by innovation and beauty.

That's Ona. What drove our design process for this specific collection was the mission to combine new technologies such as Fineceramic® or Stonex® and make them accessible to various spheres of private and public life. Ona answers to modern requirements of bathroom planning that stands the test of time.

"Ona Collection proves that high functionality is not a contradiction to high-quality design, following a philosophy of simplicity without neglecting details that matter."

Bertrand Illert,  
Noa Design Studio

"The forms of memory, the reinterpretation of a classic based on essential criteria to achieve the elegance of a timeless archetype. The joint work of the designers with the Roca team in the development of the project has resulted in a proposal of harmonious proportions and optimized performance."

Gae y Ramon Benedito,  
Benedito Design

# Ona Collection

## Simple as Nature

Ona pays homage to the diverse shapes of nature from our native Mediterranean. It is functional without ever appearing cold, with crisp aesthetics that follow the inherent warmth of the natural environment, made for those who enjoy the power of silent landscapes.

The Ona Collection design perfectly combines sophisticated proportions and archetypical shapes without losing a balancing human touch. Crafted with the future in mind, Ona embodies a philosophy of simplicity without neglecting the details that matter.

# Features

## Pure Elements

The maximum amount of research has gone into identifying and developing the essential characteristics of the collection, giving a luxurious feeling to simplicity, organic shapes and innovative materials. Rather than showing off, the priority is to feel well within well-designed surroundings where hygiene, performance and comfort are of primary concern.

The bathroom space is a place of inspiration and refuge, an intimate encounter with the self, a refreshing moment of reflection. The Ona Collection offers all the right features to allow your time to be spent well and your mind in peace.

Versatility is key. Slim basins feature a more subtle yet durable design with faucets that are quite something: a cylindrical and slender body and a flat rectangular handle, in perfect harmony with the shape of the spout. In addition, the hidden fixations of the WC allow for a clean and minimal look at any moment. The gentle matt white colour, can be complemented with furniture and accessories in Mediterranean trend colours.

**Design**

To feel comfortable starts with considering your needs. Ona cares for yours through a series of notable features such as a comfortable WC height, a big flush button and a soft-close seat and WC cover with a practical button for a quick release, and faucets in varying sizes. In addition, asymmetric basins and corner baths provide wide shelves, while our furniture drawers with soft-close features and complete extraction conveniently store your belongings.

**Comfort**

**Hygiene**

Details that change everything inside your bathroom: Rimless, touchless, and Supraglaze®. Rimless toilets are free of angles or nooks, and the Supraglaze® coating applied on the ceramic pieces, ensures more accessible and efficient cleaning. Our touchless technology, employed in flushing, faucets and soap dispensers, function without direct contact for extra peace of mind.

**Sustainability**

To take care of the environment is not about what we do but about who we are. We use technology and design to save water, such as a reduced 4.5/3L flush and faucets that feature the Cold Start system and 5L/min flow limiters. But water isn't the only thing we consider. Our Fineceramic® technology produces lighter basins which minimise the impact of transport and the production process to limit our carbon footprint. Everything matters.

## Versatility

### Inhabiting Every Space

**Ona Collection adapts easily to different construction and refurbishment scenarios and typologies of space. Its clear and comfortable aesthetics make you feel at home across private and public areas, creating a pleasant, well-designed and safe place for family, hospitality and business clients.**

Wall-hung toilet and bidet / PL7 operating plate / 800 mm asymmetric basin with matt green base unit with 2 drawers / Faucets in matt black / Luna Ambient mirror / Delta column unit in matt green / Hotels Round accessories / 1600 mm corner bath / Stella hand-shower

The Master Bathroom is the most discerning space in the house, a light-flooded territory that nurtures needs and desires. It is an area that radiates well-being through its architectural form, guaranteeing absolute harmony between all elements present. Although highly functional, the Ona Collection stands for generosity, purity and warmth in a setting without disturbances.

## Basins & Furniture

### Feel at Ease

Ceramic is the ideal material for the bathroom space, thanks to its remarkable natural hygienic properties. But ideal can still get better. With Fineceramic® we have found a revolutionary way to extend the critical properties of this material while adapting it better to the needs of contemporary design.

On the other hand, knowing intuitively where to find what your looking for is one of the key characteristics of each place we call our own. Regardless of how much space you need and how formal or intimate the bathroom should be, Ona accommodates various furniture solutions in well-designed styles to be of friendly support while maintaining a natural appeal.

Next page:  
800 mm asymmetric basin with matt green base unit with 2 drawers / Basin faucet / Luna Ambient mirror / Delta column unit in matt green / Hotels Round robe hook

The options are yours. Ona washbasins offer elegant vanity units featuring one or two drawers. Matching columns and top units have been included for all typologies, be they symmetric, asymmetric, double basin or over countertop.

As always, our innovative Fineceramic® material forms pieces that have slender contours and are more resistant while at the same time being lighter. Experience graceful designs without fragility.

The space-saving compact furniture offers a choice between the single door and double drawer. For further space maximisation, Ona offers reduced depth furniture and ultracompact doors to make your bathroom as accommodating as possible.

A varied offer is designed to correspond effortlessly with each need. Compartments with one or two drawers can be integrated depending on the size. Guided rails with a soft close feature and fully extractable drawers allow easy handling. Incorporating an organiser in the top drawer, Ona furniture offers perfect order with integrated handles.

05

04

- 01 Fineceramic® basins with 8mm thin walls.
- 02 Different measures in standard, compact and ultra-compact dimensions.
- 03 Optional Supraglaze® for extra and optimal hygiene.
- 04 Asymmetric basins with functional lateral shelf.
- 05 Functional deeper bowl for avoiding splashes.

Enjoy the choice between a modern matt white with a soft to touch texture and the classic glossy white that brings a shine to every bathroom. Chosen with care, both finishes may add creative, elegant and timeless highlights that enlighten any space. A third option is the new Supraglaze®, the extra smooth surface, that allows microscopic residue to slide off, and inhibits dirt buildup.

## Faucets

**Let simplicity flow**

**Choose how you want to feel. The sustainable elegance of the Ona Collection accentuates your space with a variety of well-chosen qualities. Whether the desired style is sophisticated or more natural, the possibilities offered will stand the test of time with material and aesthetic dimensions. The beauty of simplicity inspires you each time anew gently, without imposing itself forcefully.**

Basin faucet /  
400 mm compact basin

A cylindrical and particularly slim body with a flat rectangular handle is the essence of style. The specific angle of the aerator guarantees an optimum water flow towards the front area of the basin and the soft movement design gives comfort to everyday handling. This is clearly where technology and design meet without compromise.

Both pages:  
Basin faucets in matt black /  
800 mm asymmetric basin

Hidden inside our faucets, the innovative Cold Start system avoids an unnecessary use of the boiler to save energy. Furthermore, the flow limiter technology allow you to care for the environment from the comfort of your bathroom preventing overconsumption of water.
