## TYPE 33 Compact Panel Radiators

- Warmhaus Type 33 Compact is an excellent choice, working in harmony with low-temperature heating systems, reducing installation and operating costs.
- Compact Type 33 Radiators have a single entry point flow and return to the bottom right of the floor-facing end and the standard four tappings.
- Type 33 Compact Radiators, which have a comprehensive product range from 300 mm to 900 mm in height and from 400 mm to 2400 mm in width, fit perfectly into your living spaces.

### During the installation of Warmhaus Panel Radiators:

- Always flush the system and rinse out all metal, flux and other residues.
- Make sure drain points are at the lowest points in the system.
- Vent the system correctly and release the excess air.
- Over pumping the system is the most common cause of corrosion.
- Do not forget to use chemical inhibitors to safeguard the system.
