Price Guide

Prices quoted in **BLACK** are our in-stock range.

Prices quoted in **RED** are bespoke sizes with a lead time of up to 10 weeks.

Prices quoted in **BLUE** are stocked, but require some lead time to custom paint or custom build. Please enquire upon order regarding lead time.

E H D

The price quoted refers to a product suitable for Hot Water. Electric and Dual Fuel options require additional elements; please contact Ultraheat for a quotation.

Heat Outputs

Where multiple finishes are available, heat outputs are stated for painted finishes; for chrome finishes in these ranges, quoted heat outputs should be reduced by 20%. Where chrome is the only finish, the exact heat output is shown in the table.

Towel Rails

The Ultraheat range of heated towel rails has been created with simplicity, elegance and reliability at its core. From compact designs that work perfectly in smaller spaces to expansive rail and radiator combinations that become the focal point of any room.

They can be incorporated into an existing central heating system for optimum convenience. In addition, selected models are also available as a stand-alone, fully electric option for spaces without any nearby central heating outlet.

We offer the UK's largest 'in-stock' range of heated towel rails, available for immediate delivery.

New additions to the Ultraheat convector panel radiator range

Ultraheat panel radiators have been the professionals' choice for over 30 years. It is a comprehensive range of durable radiators in Compact 4, Planal and Lanner models.

This range now extends to quadruple panel, single convector with six connections, the Compact 6 QS, the Planal PQS and the Lanner LQS.

Ultraheat is proud to have set the standard:

- The first 900mm high radiators in the country
- The first 200mm high radiators
- The first six tap, the Compact 6
- The first triple radiator
- Now the first quadruple radiator

These quadruple radiators (Q) solve the output challenge for 40°C to 50°C input. They work on a low temperature input from environmental, solar, thermal heat pumps and maximise the output. They are the ideal product for heat emission and are available as low and deep models.

Types available are:

- Compact 4 and Compact 6: SF HF DF DS QS
- Lanner: LSS LHS LDS LTS LQS LQS-T
- Planal: PSS PHS PDS PTS PQS PQS-T

The double-sided options (-T) are available for rooms with full-height windows.

Quadruple panel radiators (Q) are floor mounted only.

Please refer to Compact 4/6, Planal and Lanner catalogue for full details.

Terms of Delivery

Prices quoted are for UK Mainland only.

For other locations, please contact our Sales Office on +44 (0)1908 010333.

Do not book your plumber until the goods have been delivered and checked.

Date of delivery

For items in stock, a suitable delivery date should be arranged at time of order.

For out-of-stock items, an estimated delivery time will be advised at the time of order.

Please note that the estimated delivery date does not form part of the contract.

Time of delivery

Standard service is any time between 8am and 5pm. Timed deliveries can be made but at an extra cost.

In some instances it may be more convenient to have items delivered to a work address where someone is present to sign for them. In the unlikely event that the goods do not arrive before 5pm (for standard service, or for a timed delivery), please let us know the following or same day.

Meeting the delivery

Someone will need to be at the delivery address on the day of delivery.

Outside packaging should be inspected before signing the delivery note*.

If there is no-one available to sign for delivery, arrangements will be made to re-deliver at an additional cost to the customer.

*If parcels are damaged or have been tampered with in any way they should not be signed for unless marked 'DAMAGED' or 'SHORT DELIVERED'.

No claim for damage in transit or shortage will be accepted if signed for 'RECEIVED IN GOOD CONDITION' or 'UNCHECKED' or 'NOT EXAMINED'.

Please note that, due to Health and Safety legislation, the driver is only allowed to deliver radiators to the nearest hard standing (pavement or driveway) and is not required to carry the radiators up any steps.

Where a radiator is over 25KG in weight, please ensure someone is available at the delivery address to assist the driver.

Within 24 hours of receiving radiators, please unwrap and thoroughly inspect goods. Any visible fault or imperfection (or missing parts) must be reported to Ultraheat or in the case this has been purchased from a reseller, please contact them directly within one working day (24 hours) of receipt to enable us to send a replacement, otherwise goods shall be deemed to be acceptable.

A contents sheet will be enclosed in the box with the radiator to enable you to check that all parts are present.

In the unlikely event that your radiator is visibly faulty, please ensure that you retain all the original packaging. We cannot accept returned radiators on the grounds of visible damage or visible fault if it has been plumbed in.

Pipe centres

If you require measurements, please call our sales office or refer to our website: www.ultraheat.co.uk

Pipe centre measurements and other measurements may have higher variance in Stainless Steel products as they are hand made, therefore you are advised to erect your pipes after you have received the radiator.

Pipe centre measurements are incorporating pair of valve distance of 45mm each to total of 90mm where applicable.

We recommend delivery and receipt of product before positioning pipework.

BTU Heat Output

Heat Output (BTU/Watt) quoted is based on Delta T50 (Δ) and may vary depending on colour and finish of radiator.

Where multiple finishes are available, heat outputs are stated for painted finishes; for chrome finishes in these ranges, quoted heat outputs should be reduced by 20%. Please enquire for more details.

- 4.1 Unless otherwise agreed in writing by the Seller, delivery of the Goods shall take place at the Seller's place of business.
- 4.2 Delivery is completed on the completion of loading of the Goods at the Delivery Point.
- 4.3 The Buyer shall take delivery of the Goods within 10 days of the Seller giving notice that the Goods are ready for delivery.
- 4.4 Any dates specified by the Seller for delivery of the Goods are intended to be an estimate (and not of the essence) and time for delivery shall not be made of the essence by notice. If no dates are so specified, delivery shall be within a reasonable time.
- 4.5 Subject to the other provisions of these conditions, the Seller shall not be liable for any direct, indirect or consequential loss (all three of which terms include, without limitation, pure economic loss, loss of profits, loss of business, depletion of goodwill and similar losses), costs, damages, charges or expenses caused directly or indirectly by any delay in the delivery of the Goods (even if caused by the Seller's negligence), nor shall any delay entitle the Buyer to terminate or rescind the Contract unless such delay exceeds 180 days.
- 4.6 If for any reason the Buyer fails to take or accept delivery of any of the Goods within 10 days of the Seller giving it notice that the Goods are ready for delivery, or the Seller is unable to deliver the Goods on time because the Buyer has not provided appropriate instructions, documents, licences or authorisations: (a) risk in the Goods shall pass to the Buyer (including for loss or damage caused by the Seller's negligence); (b) the Goods shall be deemed to have been delivered at 9.00 am on the tenth day after the day on which the Seller notified the Buyer that the Goods were ready for delivery; and (c) the Seller may store the Goods until delivery, whereupon the Buyer shall be liable for all related costs and expenses (including, without limitation, storage and insurance).
- 4.7 If 10 days after the day on which the Seller notified the Buyer that the Goods were ready for delivery the Buyer has not taken or accepted delivery of them, the Seller may, as an alternative or in addition to its rights under condition 4.6(c), resell or otherwise dispose of part or all of the Goods and, after deducting reasonable storage and selling costs, account to the Buyer for any excess over the price of the Goods or charge the Buyer for any shortfall below the price of the Goods.
- 4.8 The Buyer shall provide at the Delivery Point and at its expense adequate and appropriate equipment and manual labour for loading of the Goods. The Seller's delivery personnel shall not be required to: (a) deliver Goods to any place at the Delivery Point beyond the ground level hard surface nearest to the Seller's vehicle; nor (b) carry Goods up steps.
- 4.9 The Seller may deliver the Goods by separate instalments. Each separate instalment shall be invoiced and paid for in accordance with the provisions of the Contract. Any delay in delivery or defect in an instalment shall not entitle the Buyer to cancel any other instalment.
- 4.10 Each instalment shall be a separate Contract and no cancellation or termination of any one Contract relating to an instalment shall entitle the Buyer to repudiate or cancel any other Contract or instalment.
- 4.11 Unless the Buyer has ordered and paid for a special timed delivery at a time and place agreed by the Seller, the time of delivery shall be at any time on the date of delivery between 8am and 5pm.

- 4.12 The Buyer or its representative shall attend at the Delivery Point on the date and at the time of delivery and shall: (a) forthwith inspect the outside of all packages before signing the delivery note on which note the inspector shall record all and any damage or short delivery; and (b) within 24 hours of delivery: (i) unpack and thoroughly inspect the Goods received; and (ii) check the Goods received against the Goods ordered; and (iii) report forthwith to the Seller any visible faults or imperfections and any missing Goods or parts thereof; and (iv) retain the packaging and delivery documentation of any faulty or imperfect Goods for inspection by the Seller; and (v) not install, adapt, sell or dispose of (nor permit any other person to install, adapt, sell or dispose of) any Goods which the Buyer and/or the person inspecting the delivered Goods has found to be faulty, imperfect or incomplete.
5. Non-delivery
- 5.1 The quantity of any consignment of Goods as recorded by the Seller on despatch from the Seller's place of business shall be conclusive evidence of the quantity received by the Buyer on delivery unless the Buyer can provide conclusive evidence proving the contrary.
- 5.2 The Seller shall not be liable for any non-delivery of Goods (even if caused by the Seller's negligence) unless the Buyer gives written notice to the Seller of the non-delivery within 4 days of the time when the Goods would in the ordinary course of events have been received.
- 5.3 Any liability of the Seller for non-delivery of the Goods shall be limited to replacing the Goods within a reasonable time or issuing a credit note at the pro rata contract rate against any invoice raised for such Goods.
6. Risk/title
- 6.1 The Goods are at the risk of the Buyer from the time of delivery.
- 6.2 All Goods supplied by the Seller free of charge remain at all times the property of the Seller unless and until the Seller has agreed in writing to sell such Goods to the Buyer and has received payment in full in accordance with sub-condition 6.3 below. Samples supplied by the Seller free of charge may be used for display purposes only and shall be returned (at the Buyer's expense) to the Seller complete and in saleable condition within 3 months of delivery unless a longer period has been agreed in writing by the Seller.
- 6.3 Ownership of the Goods shall not pass to the Buyer until the Seller has received in full (in cash or cleared funds) all sums due to it in respect of: (a) the Goods; and (b) all other sums which are or which become due to the Seller from the Buyer on any account.
- 6.4 Until ownership of the Goods has passed to the Buyer, the Buyer shall:

- (a) hold the Goods on a fiduciary basis as the Seller's bailee;
- (b) store the Goods (at no cost to the Seller) separately from all other goods of the Buyer or any third party in such a way that they remain readily identifiable as the Seller's property;
- (c) not destroy, deface or obscure any identifying mark or packaging on or relating to the Goods;
- (d) maintain the Goods in satisfactory condition and keep them insured on the Seller's behalf for their full price against all risks to the reasonable satisfaction of the Buyer from the date of delivery. On request the Buyer shall produce the policy of insurance to the Seller;
- (e) notify the Seller immediately if it becomes subject to any of the events listed in condition 6.6; and (f) give the Seller such information relating to the Goods the Seller may require from time to time;
- 6.5 The Buyer may resell the Goods before ownership has passed to it solely on the following conditions: (a) any sale shall be effected in the ordinary course of the Buyer's business at full market value; (b) it does so as principal and not as the Seller's agent; and (c) ownership of the Goods shall pass from the Seller to the Buyer immediately before the time at which resale by the Buyer occurs.
- 6.6 The Buyer's right to possession of the Goods shall terminate immediately if: (a) the Buyer has a bankruptcy order made against him or makes an arrangement or composition with his creditors, or otherwise takes the benefit of any statutory provision for the time being in force for the relief of insolvent debtors; or (b) being a body corporate) convenes a meeting of creditors (whether formal or informal); or enters into liquidation (whether voluntary or compulsory) except a solvent voluntary liquidation for the purpose only of reconstruction or amalgamation; or has a receiver and/or manager, administrator or administrative receiver appointed to its undertaking or any part thereof; or documents are filed with the court for the appointment of an administrator of the Buyer or notice of intention to appoint an administrator is given by the Buyer or its directors or by a qualifying floating charge holder as defined in paragraph 14 of Schedule B1 to the Insolvency Act 1986; or a resolution is passed or a petition presented to any court for the winding-up of the Buyer or for the granting of an administration order in respect of the Buyer, or any proceedings are commenced relating to the insolvency or possible insolvency of the Buyer; or (c) the Buyer suffers or allows any execution, whether legal or equitable, to be levied on his property or obtained against him; or (d) fails to observe or perform any of his obligations under the Contract or any other contract between the Seller and the Buyer; or (e) is unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986 or the Buyer ceases to trade; or (f) the Buyer encounters or in any way incurs any of the Goods.
- 6.7 If before ownership of the Goods passes to the Buyer the Buyer becomes subject to any of the events listed in condition 6.6, then, without limiting any other right or remedy the Seller may have: (a) the Buyer's right to resell the Goods or use them in the ordinary course of its business ceases immediately; and (b) the Seller may at any time: (i) require the Buyer to deliver up all Goods in its possession that have not been resold, or irrevocably incorporated into another product; and (ii) if the Buyer fails to do so promptly, enter any premises of the Buyer or of any third party where the Goods are stored in order to recover them.
- 6.8 The Seller shall be entitled to recover payment for the Goods notwithstanding that ownership of the Goods has passed to the Buyer. The Buyer shall be deemed to have sold all goods of the Buyer. The Seller grants the Seller its agents and employees an irrevocable licence at any time to enter any premises where the Goods are or may be stored in order to inspect them, or, where the Buyer's right to possession has terminated, to recover them.
- 6.9 Where the Seller is unable to determine whether any Goods are the goods in respect of which the Seller has a right to recover payment, the Seller shall be deemed to have sold all goods of the kind sold by the Seller to the Buyer in the order in which they were invoiced to the Buyer.
- 6.11 On termination of the Contract, however caused, the Seller's (but not the Buyer's) rights contained in this condition 6 shall remain in effect.

7. Price
- 7.1 Unless otherwise agreed by the Seller in writing, the price for the Goods shall be the price set out in the Seller's price list published on the date of delivery or deemed delivery.
- 7.2 The price for the Goods shall be: (a) exclusive of any value added tax (VAT), which the Buyer shall additionally be liable to pay to the Seller at the prevailing rate, subject to the receipt of a valid VAT invoice; and (b) exclusive of all costs or charges in relation to packaging, loading, unloading, carriage and insurance, all of which amounts the Buyer shall pay in addition when it is due to pay for the Goods provided that in respect of Goods delivered within Great Britain the price of Goods shall include: (i) packaging, loading, unloading, and an element of insurance cover (for details of which respect please contact the Seller); and (ii) (for each order that is confirmed by the Seller to exceed its minimum order quantity in respect of that product type and delivery destination) the cost of carriage.
- 7.3 The Seller may, by giving notice to the Buyer at any time before delivery, increase the price of the Goods to reflect any increase in the cost of the Goods that is due to: (a) any request by the Buyer to change the delivery date(s), quantities or types of Goods ordered, or the Specification; or (b) any delay caused by any instructions of the Buyer or failure of the Buyer to give the Seller adequate or accurate information or instructions.

8. Payment

The Seller may at any time, without limiting any other rights or remedies it may have, set-off any amount owing to it by the Buyer against any amount payable by the Seller to the Buyer.
- 8.7 If the Buyer fails to pay the Seller any sum due pursuant to the Contract, the Buyer shall be liable to pay interest to the Seller on such sum from the due date for payment at the annual rate of 4% above the base lending rate from time to time of Barclays Bank, accruing on a daily basis until payment is made, whether before or after any judgment. The Buyer shall pay the interest together with the overdue amount. The Seller reserves the right to elect to claim interest and late payment compensation under the Late Payment of Commercial Debts (Interest) Act 1998.
- 8.8 Should the Seller be required to enforce the terms of the Contract against the Buyer (including, without limitation, to recover the price of the Goods) then the Buyer will indemnify the Seller against all costs and expenses (including professional and legal costs and expenses on a full indemnity basis) suffered or incurred by the Seller arising out of or in connection with the Seller enforcing the terms of the Contract.
