collection**

Bathroom collections to inspire you

Welcome to our member's bathroom collection, which introduces you to the wide variety of products available from The IPG's nationwide network of stores – all of whom are helping you to buy the best brands at great prices.

Are you looking to refresh or completely renovate your bathroom? Do you want Hollywood glamour or Nordic minimalism?

The IPG affiliated stores have everything to inspire you, from sleek bathroom furniture in a range of designs, colours, and sizes to aspirational freestanding baths and wetrooms.

Complete your desired look with the wide selection of bright warm metallic or bold black brassware, contemporary and stylish wall panelling and statement lighting to add drama or to create a relaxing mood.

No matter what the budget or size of your project our market leading suppliers will inspire you to build a modern and stylish space alongside cutting edge technology which promotes both durability and sustainability.

Look inside and be inspired.

Why choose a member of The IPG?

These independent bathroom stores are the local specialist in your community, who have extensive product and industry knowledge. They are always ready to share their advice and expertise for your renovation project whether it's large or small as well as offer you unrivalled customer service and quality products at competitive prices.

The innovative collection, City. Durable. Dirt and water repellent. Light resistant. Silky smooth. Available in 6 on-trend colours. In widths 400, 600, 800, 1000, 1200 and 1600mm.

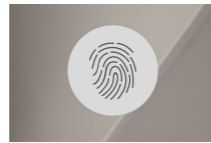

Smooth surface
Feel it — the silky-smooth surface is both nice to the touch and lovely to look at.

Matt surface
The matt surface reflects a minimum of light and creates a soft effect in your bathroom.

Scratch resistant material
The most scratch resistant surface nanotechnology can offer, increasing wear resistance and sustainability.

Anti-fingerprint
The special surface used is dirt and water repellent and fingerprint free.

The Gap D-Trit

The WC without limits.

The Gap D-Trit WC is designed for easy installation and easy access with up to 3 additional inlets for other bathroom connections.

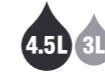

It's the perfect solution where a single WC, cloakroom, en-suite or bathroom project is not located near a soil stack.

SOFT-CLOSE

RIMLESS

FLUSH

- Round close-coupled WC pan with floor fixing kit
- Dual flush cistern: 4.5/3L with side water inlet
- Supralit® soft-close seat and cover
- D-Trit macerator with stainless steel cutting blade
- 2 easy access side panels to conceal pipework connections

Small to large projects

Serves up to 3 additional inlets for other bathroom connections.

Complete bathroom

The WC features three auxiliary water inlets for basin, bidet, bath or shower.

Quiet operation

The macerator pump is located inside the WC, thus ensuring a low noise level (47 decibels) compared to other external macerators.

Back-to-wall installation

Prevents the buildup of dirt in empty spaces at the rear of the toilet.

Side covers

To provide easy access to the macerator and conceal any unsightly pipework.

All-in-one solution

Integrated and concealed waste macerator that can provide a complete bathroom installation solution where there is no soil stack.

Rimless WC

Being a rimless WC The Gap D-Trit allows easier and more efficient cleaning and therefore greater hygiene. There are no nooks or angles inside the bowl ensuring a more contemporary look.

Supralit® antibacterial seat and cover

Designed with hygiene in mind Supralit® is a highly durable antibacterial resin material exclusive to Roca. Its exceptional formulation not only reinforces hygiene in the toilet, but also ensures greater durability of the products.

Water saving

Dual flush 4.5/3L mechanism.

Possible water connections:

1. Single cistern inlet
(Required for the WC. Inlet on either side of the cistern for the water inlet)
2. Cloakroom installation – WC and wash basin
3. En-suite installation – WC, wash basin and shower
4. Bathroom or shower installation – WC, wash basin, bath/shower, bidet

Taps and showers

hansgrohe is one of the world's largest and most respected bathroom suppliers and manufacturers. Featuring beautifully designed showers, shower heads, taps and other bathroom accessories of the highest quality. Benefit from the finest in German engineering; add style and quality to your bathroom creations with these stunning fixtures and fittings.

Rebris basin mixer

Rebris collection | Combining style and sustainability

Two designs with a multitude of functionality. With easy maintenance, the coin slot spray regulator makes cleaning easy, simply twist it out with a coin and remove any debris. Rebris mixers can also save money, not only do they feature EcoSmart+ which uses 20% less water than standard products but many mixers also feature CoolStart technology which can save up to £52 per year.

For a cleaner conscience

Known as 'The UK's Shower Company,' Triton have produced expertly engineered, innovative shower designs since 1975. Triton have been at the forefront of providing customers with energy-efficient showering for over 45 years.

Sleek, elegant, ultra-modern and ultra-easy to use, the Triton DuElec™ Electric Shower enhances your showering experience by allowing you to divert between a handheld and fixed rainfall shower head, or even use both together.

Danzi DuElec™ electric shower

- Phased shutdown (flushes out hot water after showering) installations

250mm extension panel also available.

Vodas 10 wetroom panel

Vodas 6 shower enclosures

Introducing the Vodas 6 shower enclosure range, designed to provide the perfect space-saving solution for smaller bathrooms. Manufactured from high-quality 6mm safety glass, the glass is coated with nanotechnology to prevent limescale build-up.

The framed designs offer greater stability and watertightness, and feature magnetic soft-closing seals and a quick-release double roller for easy access. The range also includes plated cover caps and handles, and can be installed either right or left-handed, suitable for use in a wetroom or with a shower tray.

Add an element of style to your bathroom with the Vodas 6 shower enclosure range.

Vodas 6 bi-fold door

- 6mm safety glass
- Available in Chrome or Black
- Nanotechnology coating prevents limescale
- Framed designs provide more stability and are more watertight
- High-quality magnetic soft closing seals
- Quick release double roller
- For use in a wetroom or with a shower tray

Slip resistant trays

Our slip resistant shower trays have a textured acrylic finish which is formed into the top ABS layer during production. This reveals a property that ensures maximum safety in the shower and gives a very natural feeling, which is also warm and pleasant to the touch.

This ranks Merlyn in a premium class

SENSTEC

ANTI-SLIP SHOWER TRAY

- Safety and confidence
- Easy clean
- Comfort

Put safety and luxury at the heart of your new bathroom with SENSTEC Anti-Slip Shower Tray. The patented Anti-Slip technology (UK Patent No. GB2551138) makes SENSTEC one of the safest Anti-Slip shower trays on the market. Do not compromise on style with unlimited colour options, custom made to meet your exact requirements. With a large range of shapes and sizes, our shower trays are compatible with all standard shower enclosures and will fit seamlessly into your new bathroom.

Where science meets style

Our research led us to two methods of measuring slip resistance the Pendulum Test and the Ramp Test, BS 7976-2:2002 and DIN 51097 respectively. We test our product using both standards. With excellent results!

It's all about the dimple

We've worked with the aerospace industry to develop the perfect dimple. A dimple that provides grip without compromising on comfort or cleanability.

Barefoot ramp test (DIN 51097)

Tray tilted in wet and soapy conditions to 30°.

Pendulum test (BS 7976-2:2002)

A PTV value of 36 = 1 in 1,000,000 chance of slipping!

*chance of slipping

Verona tiles are hardwearing, easy to install and require minimal upkeep. No longer seen as just a functional item, tiles play an important role in creating the overall finished look of a bathroom and many customers choose their tiles before they choose their bathroom suite.

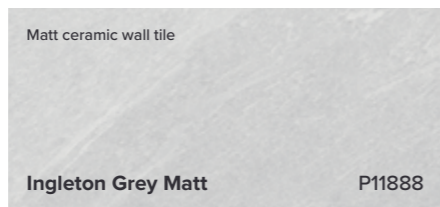

There's something for everyone as our carefully selected range of tiles suit all styles, customer tastes and budgets. They work well with underfloor heating, and as they are waterproof, they are ideal for use in bathrooms. A great value option, our tiles are widely available in a huge range of designs, sizes, styles and finishes, offering unrivalled design potential.

ClickLux is a collection of premium SPC planks and tiles reminiscent of natural wood and stone.

Manufactured using state of the art technology, SPC (Stone Polymer Composite) is the next generation of Luxury Vinyl Tiles, combining limestone and stabilisers to create a very durable core. SPC is hardwearing, waterproof and more rigid than traditional LVT, making it suitable for domestic and commercial projects.

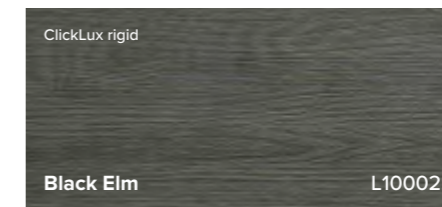

It features an easy to install locking system without the need for messy adhesives and you don't even have to worry about purchasing separate underlay as there's a 1mm foam underlay already built in to each plank.

Elegant solutions for beautiful bathrooms

Create beautiful spaces with our waterproof bathroom wall panels, the luxurious and modern way to decorate your bathroom. Our beautiful wall panel collections come in a range of sizes and finishes, including marble, stone and wood, offering you a range of bathroom design possibilities.

Why Multipanel®

- Easy to keep clean
- Fully waterproof
- Quick and easy to install
- Grout free installation
- Almost seamless joint with Hydrolock®
- Can be installed over old tiles

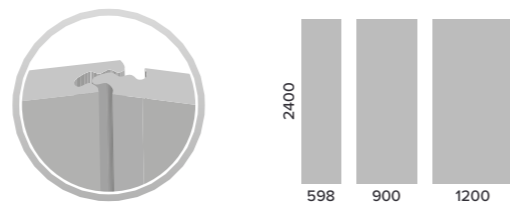

Hydrolock® for beautiful continuous walls

We created Hydrolock® to enhance the visual impact of our wall panels. Precisely engineered, the Hydrolock® edge allows panels to be joined together, without the use of mid-joints, to create a smooth, almost seamless expanse of waterproof walls.

With an industry leading 6mm tolerance Hydrolock® panels are easy to install and produce a great finish every time.

The Hydrolock® joint reduces the finished face by 18mm i.e. L2400mm x W1200mm becomes L2400 x W1182mm. Straight edge panels are also available.

Hydrolock® panels are available in a range of widths for ease of installation;

L2400 x W598mm, L2400 x W900mm and L2400 x W1200mm

Please ask The IPG member store for details and availability of the full range of products from each brand

The Tile Collection

The Tile Collection offers the visual aesthetics of traditional tiles, delivered with the outstanding performance of our panels. Comprising beautiful solid colours, stunning marbles and vibrant minerals, the Tile Collection presents a fresh, modern palette designed to complement a range of bathroom fixtures and fittings, Black to elegant Chrome and stylish Satin.

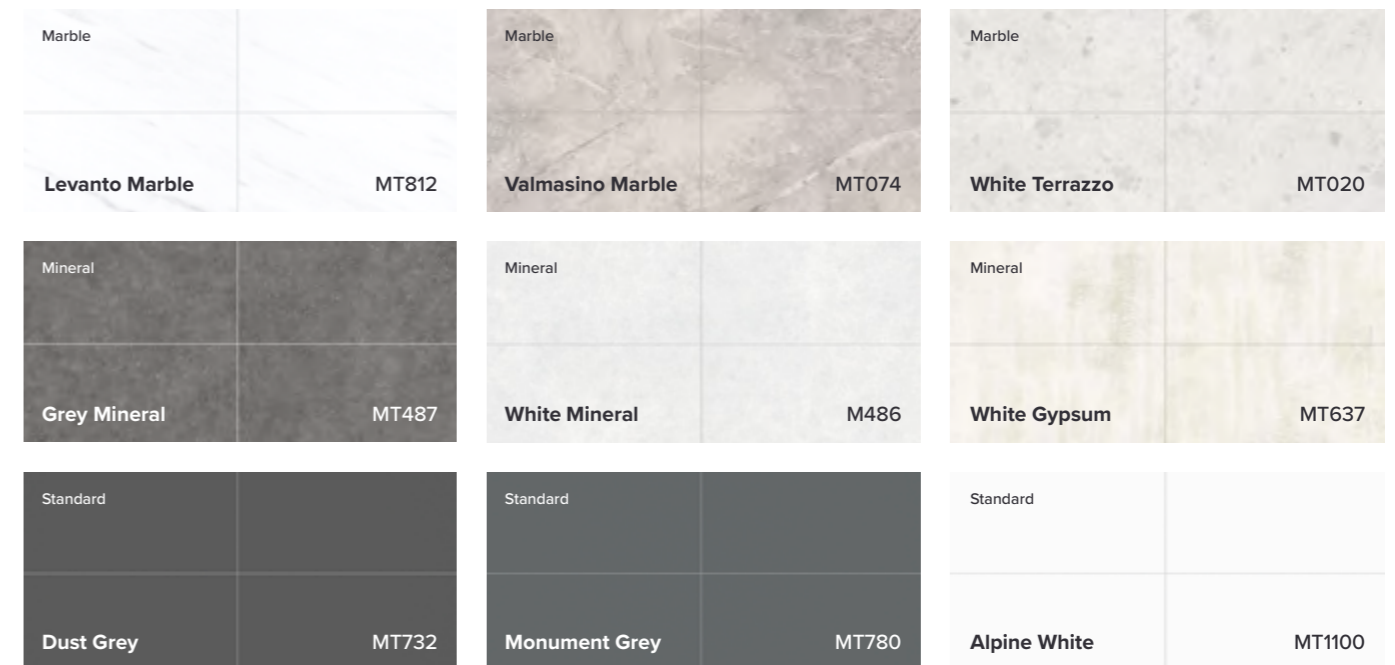

Tile collection	L2400 x W598 x D11mm		
	Marble	Mineral	Standard
Hydrolock®	£214.27	£214.27	£203.62

Looks like tile, performs like a panel

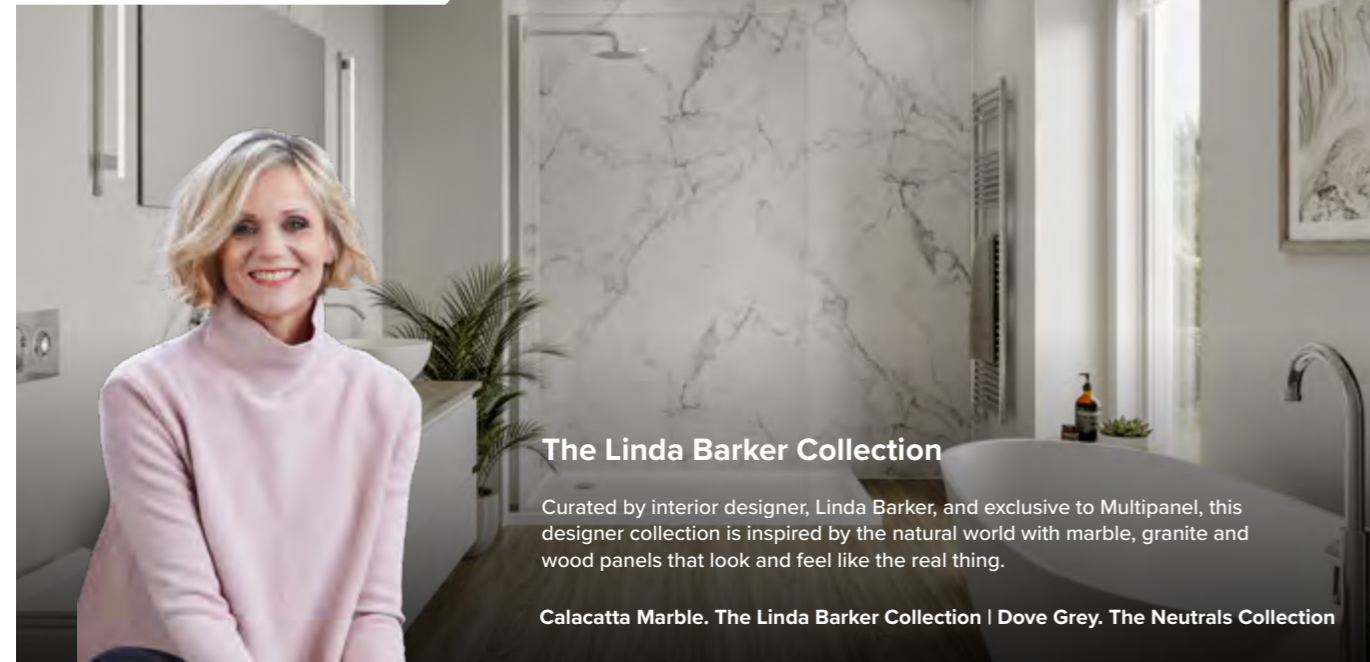

Panel size, tile size and grout line

Panels in the Tile Collection are 598mm wide and all feature our Hydrolock® edge. Please note that the Hydrolock® edge reduces the finished face of the panel by 18mm, i.e. L2400mm x W598mm becomes L2400mm x W580mm.

Tile size is H580mm x W400mm with a 2.5mm grout line.

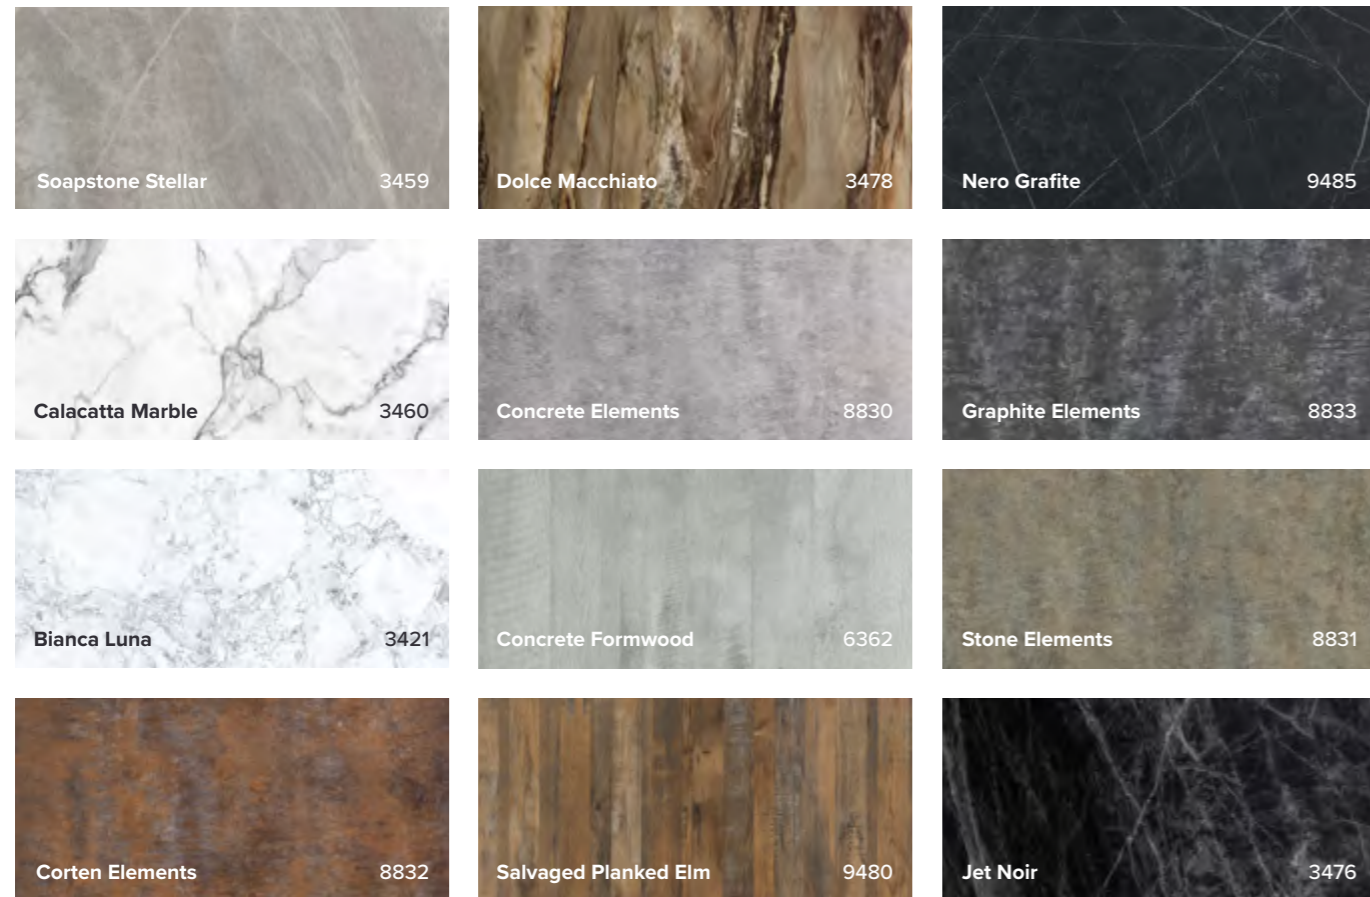

Wall and floor coverings

The Linda Barker Collection

Curated by interior designer, Linda Barker, and exclusive to Multipanel, this designer collection is inspired by the natural world with marble, granite and wood panels that look and feel like the real thing.

Calacatta Marble. The Linda Barker Collection | Dove Grey. The Neutrals Collection

Click flooring

Luxury tile, stone and wood effect vinyl flooring that offers all the chic styling of ceramics and engineered wood with the added benefit of simplified click installation.

With click flooring there is no need for adhesive or underlay making installation simple and easy to carry out. Click flooring has a R10 classification slip resistance.

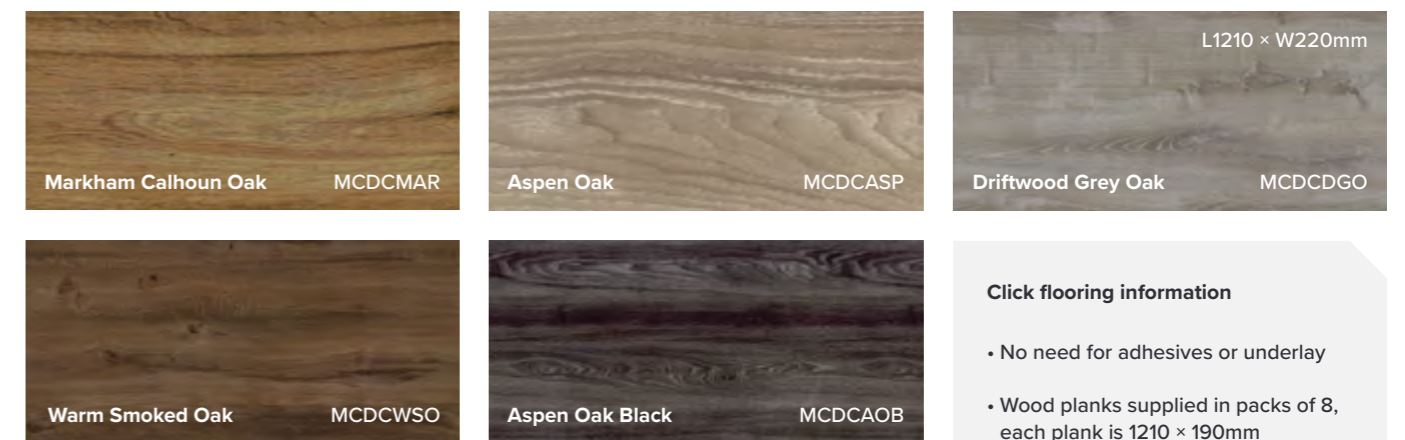

Tile

Adding a luxurious touch to your home, these luxury vinyl tiles are designed to mimic the natural beauty of real stone and marble.

Timber

These beautiful woods will instantly add luxury to your interiors. Choose from the traditional Markham Calhoun Oak or richness of Warm Smoked Oak to the understated Aspen Oak Black for a more minimalist look.

Click flooring information

- No need for adhesives or underlay
- Wood planks supplied in packs of 8, each plank is 1210 × 190mm (except Driftwood Grey Oak, in packs of 7, each plank is 1210 × 220mm)
- Tiles supplied in packs of 10, each tile is 605 × 304mm, 5.0mm vinyl, 0.5mm wear layer
- R10 slip resistance
- Not suitable for areas exposed to direct sunlight for prolonged periods

Premier

Premier comes with added embedded metallic foils to create an eye catching design.

Tileasy offers a range of square edge metal trims that provide a contemporary and clean finish to any tiling project. The double-sided box trim can be used for corners or as a feature in the centre of a room. The trims come in 8, 10, and 12mm depth and are available in Chrome, Matt Black, Matt Gold, and Stainless Steel effect. Tileasy's square edge metal trims feature a straight profile that allows tiles to sit under the lip of the trim, giving a seamless finish. They are available in different anodised and powder-coated finishes that will complement your chosen tiles and sanitary wear.

Wetrooms

The most comprehensive wetroom and waterproofing system available in the UK.

Designed and manufactured in the UK specifically for the UK market, Abacus Elements shower trays are the ultimate way to create the perfect, secure wetroom.

Plan your wetroom in 3 easy steps...

1. Choice of installation height

- A. Level access installation (completely flat wetroom floor)
- B. Low level installation (directly onto existing floor)
- C. Raised installation (drainage above existing floor)

2. Choice of drain option

- A. Infinity drain
- B. Linear 600mm drain
- C. Linear 300mm drain
- D. Square drain

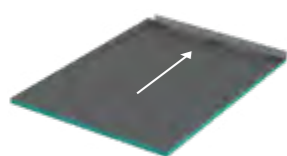

3. Choice of drain finish

Coloured or tileable

Level access wetroom kits

Comprehensive install kit included with every wetroom kit

Infinity single fall linear drain level access kit

Sizes from W900 x L900mm to W900 x L1800mm **Prices from £849.00**

Infinity single fall raised concept kit

- 135mm height above floor level
- Tileable linear drain

Sizes from W1800 x L800mm to W1800 x L900mm **Prices from £975.00**

I-Drain® AIO

The I-Drain® AIO (all-in-one) is a brand new high performance linear shower channel available in 5 stunning colour finishes, perfect for the contemporary bathroom.

The shower channel can be cut to your required length or extended as desired.

At only 33mm wide it creates an almost seamless, minimalist design solution for the drainage of your shower area.

Professional waterproof tile backer board packs

Elements Board not only makes your bathroom last longer, thus protecting your investment, it is 100% waterproof and also reduces mould – making it a much healthier option for any tiling project.

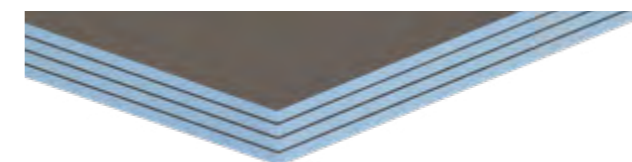

12mm wall: Available from 2.88m2 to 4.32m2 **Prices from £115.00**

10mm floor: Available from 2.88m2 to 4.32m2 **Prices from £109.00**

Includes:
10mm or 12mm boards (L1200 x W600mm), board fixings, pro-seal, waterproof tape

Tile backer boards

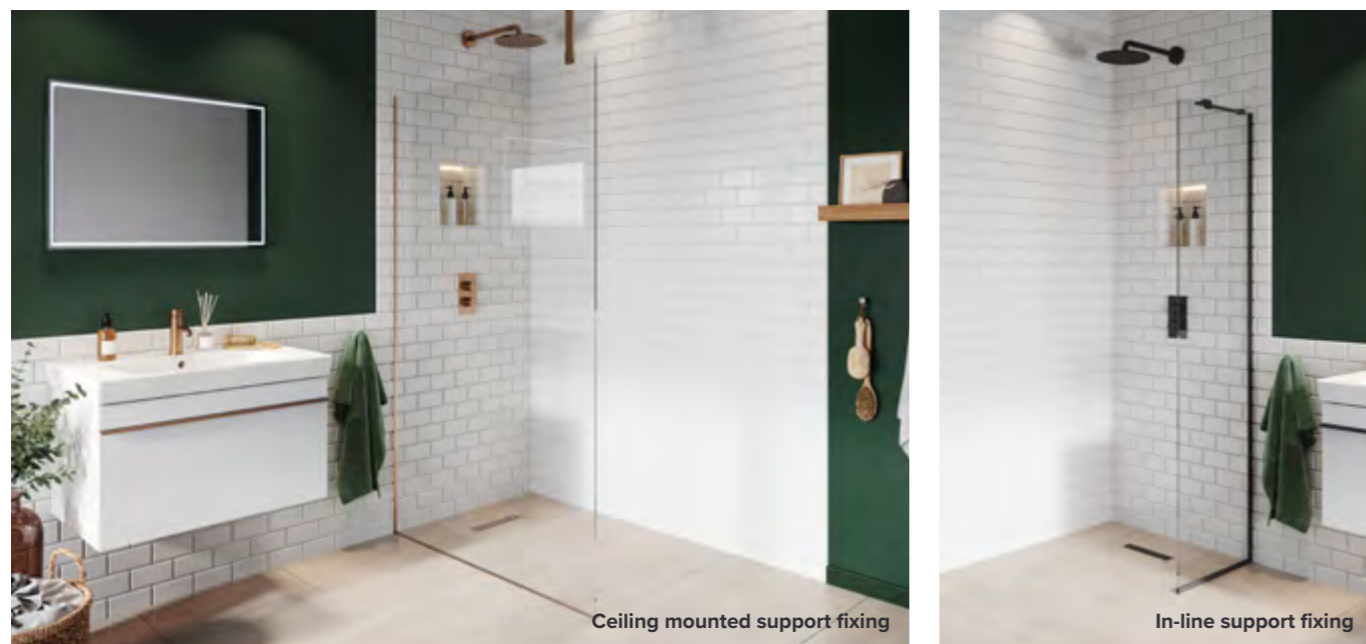

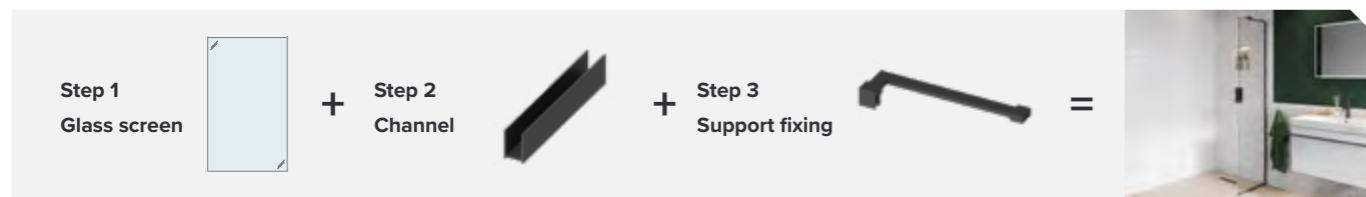

Elements wetroom glass – complete the look

The easiest way to order your wetroom glass. In 3 easy steps, choose from a range of glass widths, thicknesses, channel and support types. With over 1,100 combinations and options.

How to order your wetroom glass:

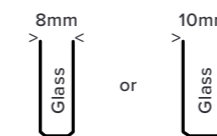

Step 1

Choose your glass size and thickness

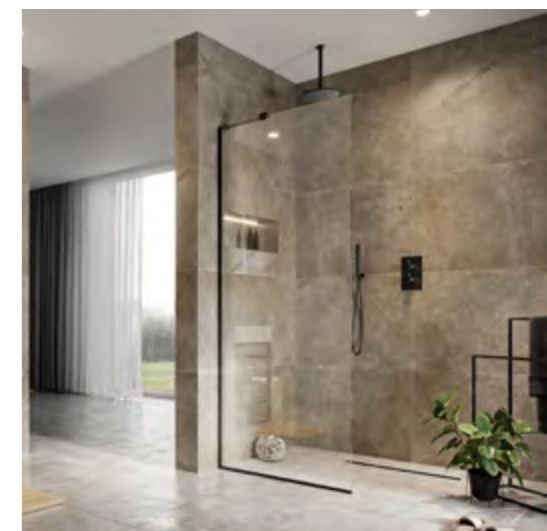

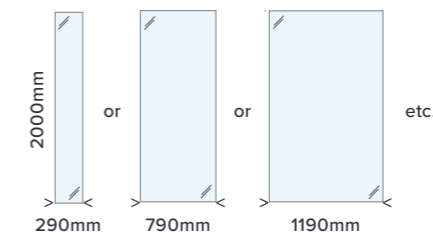

Our toughened safety glass wetroom panels come in 12 different widths and both 8mm and 10mm thicknesses. They also have special Easi-Clean coating on one side.

A. Choose your glass thickness

B. Choose your glass width (12 sizes available)

Step 2

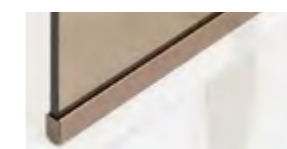

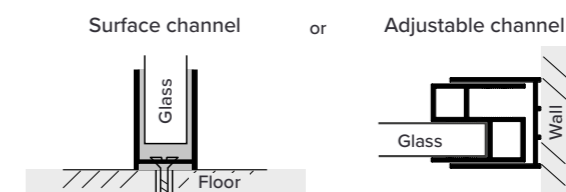

Choose the type and finish of your glass channel pack

We manufacture wetroom glass channels in both recessed and surface versions for the ultimate chic wetroom look. The channels are available in five stunning finishes.

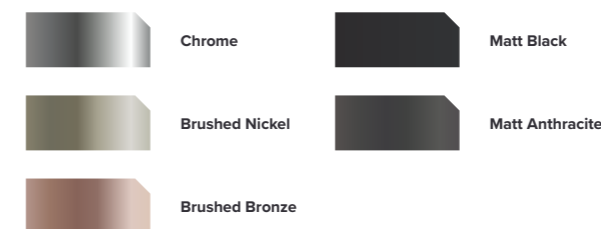

Find the glass configurator online.

Search for; 'Abacus Glass Configurator'.

A. Choose your glass channel

B. Choose your designer finish

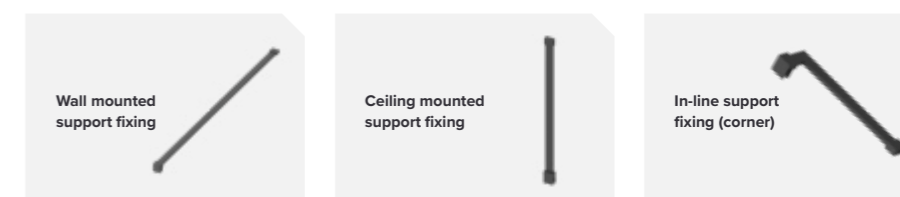

Step 3

Choose your required method of glass support fixing

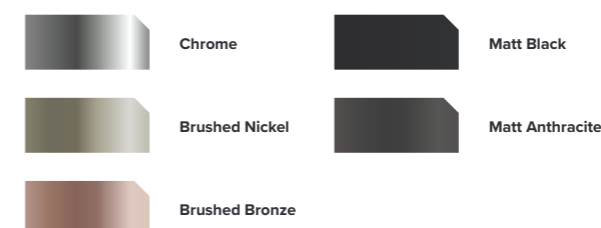

We offer three types of support in all our finishes:

1. Wall support
2. Ceiling support
3. In-line wall support (for up to 800mm width glass)

A. Choose your method of glass support

B. Choose your designer finish

Underfloor heating

Add a touch of indulgence to your bathroom project with warmth underfoot.

Look out for this logo!

With a network of well over 200 member locations nationwide, The IPG has recently undertaken a dual-branding exercise with many of its member outlets.

When you visit your local independent bathroom showroom or plumbing and heating store, we want you to be able to easily identify that they are part of the group, so you immediately know that you will be able to buy the best brands at great prices.

Aqualite Trading
is a proud member of The IPG
